**Multi-purpose center for
adult education in clean
environment**

Project achievements

IO 1: ECO-Center needs analysis

- ⇒ Need analysis on national ecology policies, employment prospects & programs, relevant training methods & curricula, and the compliance of national requirements with EU education standards;
- ⇒ Analysis-based report in respect to ecology policies and training opportunities.

IO 2: ECO-Center web site

- ⇒ <http://www.uni-ecoaula.eu> - general information resource; e-medium offering training for up- and re-skilling of adult learning providers in clean environment; knowledge data base; experience exchange platform; dissemination instrument

IO 3: ECO-Center scheme for improving the accessibility of learning opportunities for adults

- ⇒ **Training panel:** Learning Outcomes based training courses in clean environment structurally arranged in Training Paths to offer optimal learning options on demand;
- ⇒ **Carrier paths panel:** 'Competence catalogues in clean environment' and 'Knowledge & skills passport';
- ⇒ **Clean environment data base:** a meta-base of web-sources in the project field.

IO 4: ECO-Center concept for testing and sharing feedback results

- ⇒ Concept for organization and carrying out the evaluation, appraisal, and verification of project results and their sharing among events participants;
- ⇒ National evaluation and sharing outcome statements

IO 5: ECO-Center dissemination and use strategy: prospects for sustainability

- ⇒ Working out of project dissemination & use strategy, its objectives and measures planned for their achievement;
- ⇒ Performance of dissemination activities;
- ⇒ Gathering, analyzing & briefing the dissemination feedback and working out of peer review.

IO 6: Booklet "ECO-Center achievements and prospects: towards sustainability"

- ⇒ Assessment of project achievements, review of its ups and downs, and summary of the lessons learned.
